

Connecticut General Assembly Judiciary Committee,

I am writing regarding H.B. 6355: An Act Concerning Risk Protection Orders or Warrants and H.B. 6491: An Act Concerning Nonlethal Electronic Defense. The first bill is a total inversion of the American concept of innocent until proven guilty. To seize a legal gun owner's property at the whim of another not only sidesteps the victim's right to face their accuser and have their day in court (with a jury of their peers), it also does nothing to address the crimes perpetrated by lawbreakers and their illegally-obtained firearms.

The second bill reaffirms that the right to bear all arms are protected, including stun guns. The right to self-defense is paramount and providing more options for law-abiding citizens should be obvious.

OPPOSE H.B. 6355 AN ACT CONCERNING RISK PROTECTION ORDERS OR WARRANTS

SUPPORT H.B. 6491 AN ACT CONCERNING NONLETHAL ELECTRONIC DEFENSE
